Red Cross Makes Arrangements For Cablegrams

Cablegrams can now be sent from civilians in this country to civilians in enemy-occupied countries, announces Mrs. Barney Bristow, chairman of Home Service for the San Mateo County chapter, American Red Cross. Expenses are to be defrayed by the sender. Twenty-five words may be sent which includes the name, address, six words of Red Cross instructions, the message and signature. The cost is approximately $3.50 to Europe, with the charge increasing at approximately 11c per word for anything over the twenty-five word limit.

Cables for the Far East are approximately $15 and increase at approximately 49c per word for any over the 25 word limit. Cost of replies to cables are approximately the same as the outgoing cable. Both costs are to be paid by the original sender when the cable has been delivered and charges have been sent to the Red Cross.

There are many wartime censorship restrictions, says Mrs. Bristow, although all cables are sent to the International Red Cross committee for indirect transmission. All messages are accepted for transmission at the sender's risk and may be stopped, delayed or otherwise dealt with at the discretion of the Office of Censorship without notice to the sender.

Delivery of a cablegram or a reply may not be guaranteed. The text of all messages must be exclusively of a personal character and must be written in English. After a cable message has been sent and a reply received, further messages may be sent only through mail service. Mrs. Bristow stated that cablegrams may also be sent to prisoners of war or internees but only in matters of great urgency. Anyone desiring further information, please contact the Home Service department, American Red Cross, at 1308 Howard avenue, Burlingame.

Stanford To Train Women For War Jobs In Accounting

To provide war plants with trained women accountants who can take the place of drafted men, Stanford university is offering in San Francisco a full-time course in industrial accounting for women.

Opened, March 1, at the Cogswell Polytechnical college, the free course will continue for fourteen weeks through June 4. Classes are to meet six hours a day from Mondays through Friday. Under the direct supervision of J. Hugh Jackson, dean of Stanford's Graduate School of Business, the course will provide intensive, practical training in accounting for manufacturing industries, including cost accounting, records required for costs, methods of distributing factory burden, job order and process cost accounting.

High school graduation or the equivalent and a course in elementary bookkeeping or similar business experience are prerequisites for enrollment in the free course. Information may be obtained from the War Training Office at Stanford or at Cogswell Polytechnical college in San Francisco.

Asks Donation Of 1942 Cover Strips For Scrap

Motor vehicle owners of Daly City were urged, today, by the Department of Motor Vehicles to donate their 1942 "cover strip" license plates to the national scrap pile as soon as they have received their 1943 "V" tabs.

In fastening the tabs to the 1941 plate now on the car, Director Gordon H. Garland said the cover strip should be removed inasmuch as the display of the strip is not required as evidence of registration. He said the nearly 3,000,000 sets of cover strips in the state would make a substantial contribution to the scrap needed for war purposes.

DATE TROUBLE!

People who have difficulty remembering dates are in for much worse headaches than ever before, now that rationing has made the "date" all-important.

To make life a little simpler, the Daly City Record runs a tabulation of those dates which mean food, clothing, tires, and escape of penalties in this column, each week.

March 1—Rationing of commercially canned fruits, vegetables, catsups, chili sauces, juices began.

March 1—first day for registration of industrial and institutional users of rationed foods.

March 10—last day for registration of industrial and institutional users of rationed foods.

March 15—last day to use sugar coupon No. 11, good for 3 pounds.

March 15—last day to pay first installment of federal income tax.

March 16—sugar ration stamp No. 12 becomes valid; is worth 5 pounds but must last through the end of May.

March 21—last day "A" book stamp No. 4, good for 4 gallons of gas, will be valid.

March 21—Stamp No. 25 in sugar book, good for 1 pound of coffee, expires.

March 31—inspection deadline for "A" book drivers.

April 1—deferments end for men of draft age in 29 non-deferable occupations.

April 15—last day to pay first installment state income tax.

May 1—deadline for non-deferable men to get war work or fight.

June 15—last day to use Coupon 17 (in the sugar book) for purchase of shoes (one pair).

Don't Be Alarmed About License Tabs

Do not be alarmed if your 1943 vehicle license tabs and registration cards do not arrive promptly.

This admonition was given to motorists of Daly City this week by the Department of Motor Vehicles coupled with a special request that the motorists refrain from writing leters about their tabs and cards.

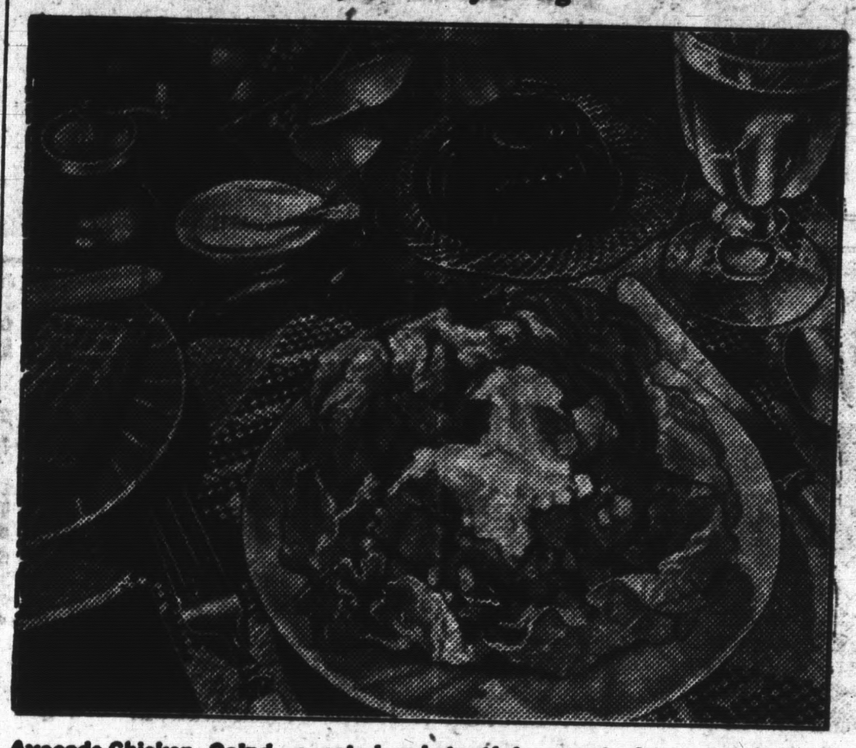
Director Gordon H. Garland estimated that close to a million applications were received in Sacramento alone by mail during the last ten days of the renewal season which ended February 4. Much of this mail, he said, has not yet even been opened and cannot be sorted and sent to the right bureaus for processing for several weeks. Moreover the manufacturer of the tabs probably will not have delivered all of them until close to the end of March.

For these reasons Garland said it probably will not be possible to complete delivery of tabs and registration cards to the motorists until well into May with the limited staff the department has to process the applications.

SALAD AS MAIN DISH IN A MEAL

offers appetite-luring way to make the most of leftover meat, chicken and other hearty foods

says Dorothy Greig



Avocado-Chicken Salad—a salad substantial enough for main dish of meal because made of chicken and of avocado, a fruit extraordinarily rich in natural fat.

WHEN the weather is cold we all indulge a yen for heavy food and plenty of it. But once in a while why not break the plodding routine of meat, potatoes and hot vegetables by unexpectedly serving a salad as the main dish in a meal?

These days, of course, green salads accompany many of our meals—as they should. But that's not exactly the type suggested here. A salad that's going to be a main course should be a substantial, filling sort of affair, made of meat, chicken, eggs or other hearty food.

For example, the next time you have a roast chicken, on the second day instead of serving it sliced cold, fix it up as a main dish salad. It makes a grand tasting one.

You might perhaps begin the meal with bowls of hot savory vegetable soup to put everyone in a happy mood. Then the salad! And if it's made like this one, loud will be the cheers from the family. Observe that is made of chicken combined with avocado. Did you know that avocado is one of our most nutritious fruits? Well it is—because it is wonderfully rich in natural fat—something to remember in these days when our normal butter and meat fats are scarce.

Avocado-Chicken Salad

2 cups chicken, cut in ¼-inch cubes
½ cup French Dressing with Tomato
1 cup celery, diced
1 cup avocado pear, diced
2 teaspoons lemon juice
½ cup salad dressing or mayonnaise

Cut the chicken into ¼ inch cubes. Pour the French Dressing with Tomato over the chicken, and let stand in refrigerator about 2 hours, stir occasionally so that the dressing is well mixed through the meat. Add diced celery and avocado pear sprinkled with lemon juice just before serving, then blend with the mayonnaise or salad dressing. Serves 8.

The French dressing used for mixing through the chicken is easily whipped together:

French Dressing with Tomato

1 teaspoon dry mustard
1 teaspoon salt
1 cup salad oil
⅓ cup vinegar
⅔ cup condensed tomato soup

Mix together the dry mustard and salt. Then add the remaining ingredients and beat with the rotary egg beater until thoroughly mixed. Makes approximately 2 cups dressing.

Income Tax Office To Be Open Nights

Federal Income tax offices, 112 McAllister street, San Francisco, will remain open until 9 p. m., effective March 1, until the close of the filing period March 15, it was announced, this week, by Collector of Internal Revenue Harold A. Berliner. Office hours will be from 8:15 a. m. to 9 p. m.

The opening of Federal Income tax offices until 9 p. m. will prove of great benefit to those who work days, enabling them to visit the office and receive advice concerning the filing of 1942 income tax.

An Internal Revenue agent was at the Daly City Branch, Bank of America, February 25 to 26. Those who missed making their returns, while the agent was in this community, are referred to the San Francisco office.

The collector again urged all to file their income tax returns as soon as possible.

SPANISH COURSE

A beginning course in elementary Spanish will open, March 8, at the San Francisco center of University Extension, 540 Powell street, and will meet Monday and Wednesday evenings, 8-9 p. m. for 20 meetings.

AT WINTERLAND

Winterland skaters brought home the bacon (no mean accomplishment these days) in the form of two titles and various "places" in one of the largest fields ever gathered to compete in the Pacific Coast competitions, last week.

Margaret Field is the new 1943 Junior Women's champion, while Marcella May and James Lochead jr., won the Senior Dance title for the 1943 events.

Lochead was also runner-up in the Senior Men's class, being defeated by a close margin by Marcus Nelson of Oakland.

Other Winterland skaters under sponsorship of the Skate and Ski club and San Francisco Figure Skating club, were prominent among the contenders.

INVITE DENTISTS

"Dentistry in Time of War," Doctor Edward J. Lattig, general chairman, said, "is the subject opening our meeting, Monday morning, April 12—Army and Navy Day.

Point Ration Shopping Hints

Our Government, newspapers, radio stations and your Safeway Store are all doing everything they can to make sure you know how to shop under point rationing ... the plan designed to make sure that everybody gets his fair share of the food available. You can do your part to make the new ration plan work smoothly by keeping in mind the simple rules listed below before you shop for the first time under point rationing.

KNOW that:

(1) Point values have nothing to do with dollars-and-cents prices. You have to give the money price and the point stamp price for every purchase in a rationed group.

(2) You have freedom of choice in using your points to buy any rationed item, provided it is available.

(3) If you buy foods with a low point value you will be able to buy more of the articles in the same rationed group.

(4) Point values of all rationed foods are set by the Government and not by the storekeeper or by the manufacturer.

(5) You are not permitted to buy point rationed items, at any store, without giving point stamps ... even on a charge account.

(6) High point stamps should be used when buying a number of rationed items at one time. Conserve your low point stamps as storekeepers cannot give you ration stamps in change.

(7) Loose stamps are not valid. Stamps must be torn out of your ration book at the time of purchase and in the presence of your grocer.

Now When You Go Shopping ...

REMEMBER to:

(1) Allow plenty of time for your shopping under point rationing ... it takes longer. Best time to shop is early in the week and early in the day.

(2) Be sure and take your War Ration Book No. 2 with you. No stamps ... no rationed items.

(3) Take your point value chart along with you, too, for convenience. While our store will have price and point values clearly marked on the shelves and on the merchandise, your list will serve as a double check and save lots of extra steps and confusion.

AND

You'll enjoy shopping at your Safeway Store because you can take all the time you want without embarrassment or a sense of feeling hurried. Since you are waiting on yourself, no one cares how many times you change your mind or exchange one can for another before you reach the check-out stand.

BUT

If you do want help ... if some point is not clear ... we have a specially trained clerk in each store, wearing a badge that reads "Information", to help you. It's his job to answer your questions cheerfully and in detail. So, don't hesitate to ask him your questions.

INSTRUCTIONS.—To find the Point Value of an item:

1. Find out the net weight of the contents (from the label, if any).
2. In the line across the top of the chart, showing the weight in ounces and pounds, find the column in which this weight belongs.
3. Find the item in the listing of items in the column to the left.
4. The POINT VALUE of the item appears on the same line as the item and in the column listing the correct weight.

All Point Values must be determined by weights. If no weight is marked on the item, the item must be weighed.

In finding the Point Value of a container where contents are given in *fluid* ounces, consider the fluid ounce to be the same as the avoirdupois weight ounce. One pint is one pound; one quart is two pounds.

The Point Value of any item weighing over four (4) pounds shall be arrived at by multiplying the number of pounds of that item by the Point Value per pound of that item as given in the "Per Pound" column. Fractions of a pound should be figured in quarter-pounds. Fractions of a [illegible] should be figured to the [illegible]. Thus, an item weighing 4 pounds [illegible] ounces would be considered as weighing 4 pounds 12 ounces for the purpose of [illegible] the Point Value of that item.
